 Hebri, Karnataka, India

EDUCATION

Bachelor of Technology (B.Tech) - Computer Science Engineering

AJIET - Ajiet Institute of Engineering & Technology

2023 - 2027 (Currently Pursuing)

Pre-University Course (PUC)

S R PU College, Hebri

98%

Secondary Education (10th Standard)

S R Public School, Hebri

90%

TECHNICAL SKILLS

Programming Languages

- ▷ C Programming
- ▷ C++
- ▷ Java
- ▷ Python

Core Competencies

- ▷ Web Development
- ▷ Competitive Programming
- ▷ Problem Solving
- ▷ Software Development

PROJECTS

Hostel Gatepass Management System

Developed a comprehensive system to streamline hostel operations by managing entry and exit passes efficiently. Implemented real-time tracking, automated notifications, and comprehensive reporting features for hostel administrators to enhance security and operational efficiency.

Safe Cab Application

Created a safety-focused ride-sharing application featuring real-time GPS tracking, emergency contact integration, and ride verification systems. Designed to ensure passenger safety and provide peace of mind during commutes with advanced security features.

CERTIFICATIONS

- ✓ **UIPath Certification** - Robotic Process Automation (RPA) and intelligent automation technologies
- ✓ **Infosys Springboard Certification** - Artificial Intelligence for All: Advanced AI concepts and practical applications
- ✓ **Python Programming Certification** - Comprehensive Python programming from fundamentals to advanced concepts

ACHIEVEMENTS

- ✓ **2nd Place - EyeQdot Net DA Debate Competition** - Demonstrated exceptional analytical thinking and communication skills in competitive debate

SOFT SKILLS

- ▷ Technical Communication
- ▷ Leadership
- ▷ Team Collaboration

- ▷ Problem Solving
- ▷ Innovation
- ▷ Public Speaking
